---

## EXPERIENCE

**Frontend Web Developer (Personal Projects) | Webtify Networks (Owned) - Ikorodu Lagos, Nigeria | 04/2022 - Current**

- Enhancements were made to improve the site's performance.
- Sites have been redesigned to make them easier to navigate and more visually appealing.
- Websites that met objectives such as load speed and design were successfully developed.
- Regularly checked the accuracy and functionality of information and elements on websites and pages.

**Internship | Surfweb Digital Solutions - Festac Town Lagos, Nigeria | 01/2021 - 04/2022**

- For over 30 different projects, I created new, efficient, and well-tested code.
- HTML and CSS were used to create website content and designs.
- Contributed to the creation and upkeep of user-friendly websites.
- Contributed to team document and project drafts to aid in web management.
- Regularly reviewed information and elements on websites and pages for accuracy and functionality.
